IMSAI MICROCOMPUTER PRODUCTS PRICE LIST/ORDER FORM

QTY	UNIT PRICE	EXTENDED PRICE	ITEM NO.	DESCRIPTION	KIT PRICE	ASSEMBLED PRICE
BASIC COMPUTER SYSTEM						
_____	_____	_____	I-8080	Table top version of basic computer system	\$599	\$931
_____	_____	_____	I-8080-1K	Table top version with 1K bytes of memory	\$659	\$999
_____	_____	_____	I-8080-OEM	Table top version without front panel	\$529	\$749
BASIC COMPUTER SYSTEM OPTIONS AND COMPONENTS						
_____	_____	_____	RM	Rack mount chassis (when purchased with basic computer system in lieu of table top cover)		\$ 20
_____	_____	_____	CP-A	Front panel	\$189	\$325
_____	_____	_____	PS-28	Power supply (28 amp).	\$100	\$179
_____	_____	_____	FM	Cooling Fan	\$ 29	\$ 39
_____	_____	_____	DC	Table top cover		\$ 50
_____	_____	_____	EXPM	Edge Connector and Guides	\$ 7	\$ 15
_____	_____	_____	EXP-4	Four slot mother board expansion		\$ 18
_____	_____	_____	EXP-22	Twenty-two slot mother board, when ordered with basic system:		\$ 52
_____	_____	_____	EXP-22	Twenty-two slot mother board, when ordered without basic system:		\$ 65
_____	_____	_____	MPU-A	Microprocessor board.	\$190	\$350
_____	_____	_____	PIC-8	Priority interrupt/interval clock board	\$125	\$238
_____	_____	_____	EXT	Extender board	\$ 39	\$ 49
_____	_____	_____	GP-88	General purpose prototype board.	\$ 39	\$ 47
MEMORIES						
_____	_____	_____	RAM 4A-4	4K bytes of random access static memory	\$139	\$279
_____	_____	_____	MM02-1	1K bytes of chips for RAM 4A-1 board	\$ 33	\$ 57
_____	_____	_____	MM11-1	1K bytes of chips for the discontinued RAM 4-1 board	\$ 37	\$ 59
_____	_____	_____	PROM 4-4	4K bytes of EPROM on 4K board	\$399	\$579
_____	_____	_____	PROM 4-512	512 bytes of EPROM on 4K board	\$165	\$247
_____	_____	_____	MM702-5	512 bytes of EPROM for the PROM 4-2 board	\$ 50	\$ 69

QTY	UNIT PRICE	EXTENDED PRICE	ITEM NO.	DESCRIPTION	KIT PRICE	ASSEMBLED PRICE
MULTIPROCESSORS AND SHARED MEMORY						
_____	_____	_____	MABP-3	Access port board	\$325	\$399
_____	_____	_____	MAPT-6	Port timing board	\$225	\$305
_____	_____	_____	BB	Bus board (requires one of the following cables)		\$ 30
_____	_____	_____	BB CABLE-8	8" bus board cable		\$ 35
_____	_____	_____	BB CABLE-18	18" bus board cable		\$ 45

STANDARD INPUT/OUTPUT INTERFACES

_____	_____	_____	PIO 4-4	4 port parallel I/O board	\$156	\$299
_____	_____	_____	PIO 4-1	One port parallel I/O board	\$ 93	\$140
_____	_____	_____	PIOM	One port parallel I/O module	\$ 22	\$ 39
_____	_____	_____	PIO CABLE	Cable from PIO 4-4 or PIO 4-1 to rear of chassis (one cable required for input, one for output.)		\$ 22
_____	_____	_____	SIO 2-2	Two port serial I/O interface board (one Cable A required per channel)	\$156	\$299
_____	_____	_____	SIO 2-1	One port serial I/O interface board (one Cable A required)	\$125	\$235
_____	_____	_____	SIOM	One port serial I/O module	\$ 47	\$ 69
_____	_____	_____	SIOC	Serial I/O clock piggyback board	\$ 31	\$ 59
_____	_____	_____	UCRI-1	Cassette recorder I/O interface board.	\$ 59	\$ 99

SPECIAL INTERFACE

_____	_____	_____	PDP/DMA	DMA Interface between a P.D.P. 11/45 and an IMSAI Disk Controller or IMSAI 8080 .		\$3,900
-------	-------	-------	---------	---	--	---------

GENERAL PURPOSE CABLES

_____	_____	_____	CABLE A	15" cable with board edge connector and 25 pin female EIA type connector.		\$ 18
_____	_____	_____	CABLE C	5' cable with a male 25 pin EIA type connector at each end		\$ 25

DISK DRIVES

_____	_____	_____	FIF	Floppy disk drive interface when ordered with FDC2-1	\$399	\$599
_____	_____	_____	FIF	Floppy disk drive interface when ordered without FDC2-1	\$599	\$799
_____	_____	_____	FDC2-1	Floppy disk drive, power supply and phase lock loop in a 2 drive cabinet (one cable C required per cabinet)		\$1,295
_____	_____	_____	FDC-RM	Rack mount chassis for floppy disk drive cabinet.		\$ 20
_____	_____	_____	FDC	Floppy disk drive and power supply		\$1,095
_____	_____	_____	FDD	Floppy diskette		\$ 15
_____	_____	_____	DISK-50	50 megabyte disk and interface		\$12,500
_____	_____	_____	DISK-80	80 megabyte disk and interface		\$14,700
_____	_____	_____	DISK-200	200 megabyte disk and interface		\$24,500
_____	_____	_____	HDIF	Hard disk interface		\$3,900

VIDEO DISPLAY AND KEYBOARD TERMINALS

_____	_____	_____	CRT-2480A	Video display/keyboard terminal 24 lines by 80 columns		\$1,595
_____	_____	_____	CRT-1280A	Video display/keyboard terminal 12 lines by 80 columns		\$1,295

QTY	UNIT PRICE	EXTENDED PRICE	ITEM NO.	DESCRIPTION	KIT PRICE	ASSEMBLED PRICE
			PTR-30A	30 cps Hy Type 1 character printer (requires PIO 4-1 and PIOM).		\$2,895
			PTR-30A-TF	Tractor feed option for PTR-30A.		\$325
			PTR-300A	300 lpm line printer (80 characters per line).		\$2,495
			PTR-300B	300 lpm line printer (132 characters per line).		\$3,495
			LIF	Line printer interface for printer PTR-300A or PTR-300B when ordered with printer.	\$399	\$599
			LIF	Line printer interface for printer PTR-300A or PTR-300B when ordered without printer.	\$599	\$799

SOFTWARE (Available only to owners of an IMSAI Basic Computer System)

		Paper tape	Cassette ¹	EPROM ²	Diskette
PGM-1A	Self contained system	No charge	\$20	\$100	\$ 50
PGM-2A	Tape cassette operating system		\$20	\$100	\$ 50
PGM-3A	Bootstrap loader for DOS-A			\$ 15	
PGM-4A	Bootstrap loader for paper tape			\$ 15	
PGM-5A	Bootstrap loader for tape cassette			\$ 15	
BASIC-4A	4K Basic	\$ 4	\$20	\$100	see note 3
BASIC-8A	8K Basic	\$ 8	\$30	\$200	see note 3
BASIC-12A	12K Basic	\$12	\$40	\$300	see note 3
DOS-A	Floppy Disk Operating System				\$ 50

- NOTES:
- 1) A tape cassette is included in the price of the cassette software.
 - 2) Order PROM 4-512 for PGM-3A, PGM-4A, and PGM-5A; order correct number of PROM 4-4 for other EPROM software.
 - 3) An order for DOS-A will include the three BASICs at no additional charge. A diskette is included.

BOOKS

DOC-1	INTEL 8080 MICROCOMPUTER SYSTEM USER'S MANUAL Contains complete specifications and data sheets on Intel 8080A and all associated Intel memory and peripheral chips. Also includes preliminary specs on 'coming' Intel chips; 157 pages	\$ 7
DOC-2	INTRODUCTION TO MICROCOMPUTERS In our opinion, the best basic microcomputer book published to date, 460 pages	\$ 10
DOC-3	IMSAI 8080 USERS MANUAL	\$ 50
DOC-4	THE T. I. TTL HANDBOOK Contains complete electrical specifications for all 7400 Series TTL. This is the TTL 'Bible' 640 pages	\$ 10
DOC-5	PINOUT HANDBOOK Covers the entire 5400/7400 series D.I.P.C.'s, pin connections, functional specifications cross-reference.	\$ 5
DOC-6	BASIC-PLUS LANGUAGE MANUAL	\$ 17
DOC-7	IMSAI 8080 MICROPROCESSOR SYSTEM ILLUSTRATED CATALOG	\$ 1
